HYB - Hybrid courses combine face-to-face classroom instruction with computer-based learning. A significant part of the course content (51% or more) is online and, as a result, the time spent in the classroom is reduced. Most hybrid courses meet a maximum of one day per week in the classroom and conduct the remainder of the learning online using the NICC web-based Xpress system. Therefore, students get a blend of both worlds in a hybrid course.

***The TRN-100 course is REQUIRED to be completed before you register for any online or hybrid courses.**

*** A complete college-wide schedule can be found at www.nicc.edu. Under Quick Links, Schedules/Registration, Search for courses, Select term: 2018/SP**
